

Buying Books for an Author Appearance

Schools and organizations can buy books from a bookstore, from a book vendor, or directly from the publisher—whichever is most appropriate. I DO NOT BRING BOOKS! Buying directly from the publishers saves 25-40% (shipping is extra) and they will usually take back unsold books. There is a book order form on my website. It usually takes 1 - 3 weeks for delivery. **When ordering, state that it is for an author appearance!**
